Psychology 513 - Quantitative Models
Bob McFatter
Assignment No. 3

Answer the following problems in chapter 2 of Kutner, et al.: 2.1, 2.3, 2.4, 2.12, 2.13, 2.23, 2.34. Note that several of these use the Grade Point Average data of problem 1.19, which you have already analyzed in homework number 2. You can use the results from your JMP analysis in homework 2 (or redo it) to answer many of the questions listed above.
